

Sports in Society

Wednesday, April 17, 2024 | 6:00 P.M.

This program, led by Angela Adler, Ph.D., is for anyone - athletes, coaches, fans, and people merely aware that sports exist - to explore how sports shape society and society shapes sports. Attendees will have the opportunity to identify how they would like sports to be in the future, and what they can do to help that happen.

Registration is requested. To sign up, email ann@wyopublib.org, or call the Library at 610-374-2385.
