MINUTES

Approve Committee Meeting Minutes –

- February 23, 2009 Curriculum/Technology Committee Meeting

PUBLIC COMMENTS WILL BE TAKEN AT THE BEGINNING OF THE MEETING ON AGENDA VOTING ITEMS ONLY AND ALL AGENDA ITEMS AT THE END OF THE MEETING.

- I. Recommend Approval of Secondary English Department Summer Reading List (see attachment).
- II. Recommend Approval of Human Development Materials.

Background: Part of the approved Health/Science curriculum for grade 6 is a unit about human development. Instructors have been using an out-dated videotape as a resource for introducing content about puberty and the changes associated with this period of human development. Mrs. Whye recommends replacing the existing video with a DVD that Procter and Gamble produces as part of its school programs services. The title of the DVD is "Always Changing." We are requesting approval to use the girls' version for the grade 6 females and the boys' version for the grade 6 males. Parents as well as board members can preview the video online in its entirety by going to www.pgschoolprograms.com and then clicking "puberty."
